# THERE'S A PLACE IN THE NEW NAVY FOR YOU

Taking shape right now is the Royal Navy of tomorrow. New ships, nuclear submarines, computers, guided missiles, helicopters, hovercraft. A new Navy ready to meet new challenges—and to challenge you. If you think there's more to life than a dull old 9-5 routine at a desk or in a factory—then there's a place in the Navy for you.

The Navy can offer you a first class apprenticeship in any one of a number of excellent trades. Pay and prospects have never been better, and there's plenty of travel. You can join the Navy when you leave school—or the Royal Marines (the Navy's own sea-soldiers) at age 16.

If you're aiming for 2 'A' Levels or 5 'O' Levels, you could become an Officer. There are schemes to help pay your school expenses (enquire as

early as 14) and help you towards getting your degree.

## **Girls in the W.R.N.S. and Q.A.R.N.N.S.**

In the Women's Royal Naval Service, you'd lead a happy, active life at home and abroad—working with officers and men of the Royal Navy.

If you're set on being a nurse, the Queen Alexandra's Royal Naval Nursing Service offers you a career with travel, variety and an exciting future.

# Seven reasons why you should break into the bank.

- 7 You'll find that banking is an interesting career.
- 6 You receive good salaries with regular rises.
- 5 You get three weeks' holiday, and can have up to five weeks if you get a Managerial appointment.
- 4 Excellent social life after hours for those who want it.
- 3 Courses are provided for you at different stages of your career giving fine opportunity for promotion.
- 2 Girls get a marriage gratuity after 5 years' service.
- 1 You'll be making good use of your education qualifications—girls need a good general education; boys need 4 'O' levels or C.S.E. First Grade. Of course 2 'A' levels would be even better.

## NATIONAL COAL BOARD

### **Why is a skilled engineer willing to spend a fair part of his working hours underground ?**

Mining engineers can give you many personal reasons, but there is one they all share. A special kind of satisfaction . . . the satisfaction a climber gets from mastering a difficult rock face. The satisfaction you can only get from pitting your wits against nature and winning.

Each in his own way—the rock climber and the mining engineer—is battling with nature, an opponent so unpredictable that the battle never becomes a bore.

### **The way into mining engineering—mine management as well as specialist engineering posts—is through the National Coal Board's student apprenticeship scheme.**

Applicants should be of "A" or "O" level standards, with the accent on maths and science. A degree or a Higher National Diploma is normally gained at the end of training.

Entrants living beyond daily travelling distance receive a lodging allowance, and all fees are paid by the N.C.B. Salary scale starts at £9 1s. at 16, and a final year student can receive £19 15s. a week, plus lodging allowance.

# Ever Think Carefully?

About Banking—for yourself, your family, or for a Club or Association you belong to? The T.S.B. is worth considering.

Trustee Savings Banks are one of the biggest banking organisations in the United Kingdom, with £2,500,000,000 due to twelve million account holders at 1,500 offices.

Clearly, an organisation with 12 million customers knows a very great deal about their individual needs, not only in banking matters, but in a hundred other ways as well.

Trustee Savings Banks are particularly good at looking after their customers' interests, and so they should be, they've been at it for over 150 years.

They can do just about anything except lend you money. A pity? In some ways, yes; but they want the customers to increase their wellbeing and independence by **saving money and earning good interest on it.**

Still, there's no fuss at all when you need to withdraw **It is your money!**

Perhaps some day you will want a Current Account and your personal Cheque Book? By all means—and there's no mystery about charges for using this service. You can calculate them yourself the T.S.B. way and even avoid charges altogether if you have a mind to.

Do come along and find out more. Have a talk with them. Everyone will be friendly and helpful at the

# Midland Bank believes that only the early and practical encouragement of first-class recruits to its service can produce the large number of future Managers and senior officials it needs

*Not only is planned and progressive training  
available at every stage, but today's  
entrants can also enjoy the benefits of:*

**STUDY LEAVE** Boys and girls with G.C.E. passes at 'A' level are among those eligible for leave to assist them in their studies for their professional qualification—the diploma of the Institute of Bankers. (Incidentally, 'A' level passes in English, Economics and Geography carry exemptions in the same subjects in Part 1 of the Institute Examinations.)

**SPECIAL GRADE** Young men of promise are selected for entry into a Special Grade in their early twenties when their salaries are immediately increased to a figure £230 above the basic for age. This indication of merit is coupled with specific plans designed to enable them to qualify for "appointed" status at an early age.

**PROFICIENCY GRADE** Under the terms of this scheme, girls who are prepared to qualify themselves in exactly the same ways as their male colleagues are required to do, will be paid at the same rate and be considered equally for responsibility and promotion to 'appointed' status—including managerial.

In the Midland Bank responsibility—with its attendant, substantial rewards—comes early nowadays. If you would like to know more about the first-class career opportunities which await go-ahead entrants in a go-ahead bank, please write to:

It takes three, four or five years to qualify as a chartered accountant, depending on the level of education you have reached. This, your age and the district in which you work will govern your salary during training.

## **VARIETY :**

Accountancy is not a dull or monotonous profession. Many problems, each requiring a different solution, occur every day and it is often necessary for the chartered accountant and his articled clerks to travel extensively, sometimes abroad.

## **SECURITY :**

Chartered accountants are always in demand. They can be sure of employment and opportunities for advancement whatever the political situation or the state of the business economy.
